

The University of Wyoming Pesticide Safety Education Program has developed a new web site to help individuals who fall under the EPA's new Worker Protection Standard comply with the mandates of the regulation. To view this information please visit UW PSEP site below:

<http://uwyoextension.org/psep/worker-protection-standard/> or [CLICK HERE](#)

The Wyoming Department of Agriculture will also issue 2 credit hours of continuing education to individuals who complete the WPS Train the Trainer Course through ISU. More information can be found here:
